

v8::ReturnValue::SetNull

```
graph LR; A[v8::ReturnValue::SetNull] --> B[v8::internal::PerformCastCheck]
```

A diagram showing a call from the function `v8::ReturnValue::SetNull` to the function `v8::internal::PerformCastCheck`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

v8::internal::PerformCast
Check
