

```
cppgc::internal::anonymous  
_namespace{stats-collector  
::cc}::GetCycleEventForMetricRecorder
```

A diagram showing a call from the function `GetCycleEventForMetricRecorder` to the function `SumPhases`. The call is represented by a blue arrow pointing from the left box to the right box. The left box has a light gray background, and the right box has a white background. Both boxes have a black border.

```
cppgc::internal::anonymous  
_namespace{stats-collector  
::cc}::SumPhases
```
