

v8::internal::JSObject  
::FastPropertyAtPut

```
graph LR; A["v8::internal::JSObject  
::FastPropertyAtPut"] --> B["mode"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'v8::internal::JSObject' on the first line and '::FastPropertyAtPut' on the second line. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'mode'.
