

v8::internal::GenerateBaselineCode

```
graph LR; A[v8::internal::GenerateBaselineCode] --> B[v8::internal::UNREACHABLE]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'v8::internal::GenerateBaselineCode'. A blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a black border, containing the text 'v8::internal::UNREACHABLE'.

v8::internal::UNREACHABLE
