

cppgc::internal::PageMemory
Region::~~PageMemoryRegion

```
graph LR; A[cppgc::internal::PageMemoryRegion::~~PageMemoryRegion] --> B[cppgc::internal::anonymous_namespace{page-memory::cc}::FreeMemoryRegion];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'cppgc::internal::PageMemoryRegion::~~PageMemoryRegion'. The right box is gray with a black border and contains the text 'cppgc::internal::anonymous_namespace{page-memory::cc}::FreeMemoryRegion'.

cppgc::internal::anonymous
_namespace{page-memory::
cc}::FreeMemoryRegion
