

```
v8::internal::wasm  
::LiftoffAssembler::  
  FinishCall
```

```
graph LR; A["v8::internal::wasm  
::LiftoffAssembler::  
  FinishCall"] --> B["v8::internal::wasm  
::anonymous_namespace  
{liftoff-assembler::cc}  
  ::AllReturnRegs"]
```

A diagram showing a call from the `FinishCall` method of the `LiftoffAssembler` class in the `v8::internal::wasm` namespace to a function in an anonymous namespace within the same namespace. The call is represented by a blue arrow pointing from the left box to the right box.

```
v8::internal::wasm  
::anonymous_namespace  
{liftoff-assembler::cc}  
  ::AllReturnRegs
```
