

v8::internal::compiler
::MovFromFloatResultLatency

```
graph LR; A["v8::internal::compiler::MovFromFloatResultLatency"] --> B["v8::internal::compiler::MoveLatency"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'v8::internal::compiler' on the first line and '::MovFromFloatResultLatency' on the second line. The right box is white with a black border and contains the text 'v8::internal::compiler' on the first line and '::MoveLatency' on the second line. A blue arrow points from the right side of the left box to the left side of the right box.
