v8::internal::CodeEventLogger
::CodeCreateEvent

v8::internal::anonymous
_namespace{log::cc}::Compute
Marker

```
graph LR; A[v8::internal::V8FileLogger::CodeCreateEvent] --> C[v8::internal::anonymous_namespace{log::cc}::ComputeMarker]; B[v8::internal::CodeEventLogger::CodeCreateEvent] --> C;
```

The diagram illustrates a mapping or transformation process. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'v8::internal::V8FileLogger::CodeCreateEvent'. The bottom box contains the text 'v8::internal::CodeEventLogger::CodeCreateEvent'. On the right, there is a single gray rectangular box with a black border containing the text 'v8::internal::anonymous_namespace{log::cc}::ComputeMarker'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating a relationship or mapping from the left-hand identifiers to the right-hand identifier.
